About Us

Veritas is an Accredited Conformity Assessment body, issuing internationally recognized accredited certifications to organizations around the globe, who commit and conform to the applied Standard requirements.

An appropriately qualified, trained and experienced assessor, is matched to each customer by Veritas Assurance. Whilst an organisation must be subject to rigorous examination as part of the assessment and surveillance process, it is the duty of assessors to ensure that they also add value to the benefit of the customer.

The services provided by Veritas Assurance as an accredited certification body are designed to help customers maintain their systems to the latest standards and most up to date industry specifications and to demonstrate this to existing and potential new customers.

Our vision | Our mission | Independence / Impartiality | Certification Process

Veritas vision is to assist organization for achieving an international level of recognition. Assisting organization in meeting and exceeding the business goal through value added certification services. Delivering the impartial Third Party Inspection services and building the confidence, credibility and reliability of customer over the product.
